

Your **NEW** recycling service

from Copeland Borough Council

From April 16, 2018, you will be able to recycle five different materials at the kerbside - metal, plastic, glass, paper and card.

We will provide you with three boxes and one bag for you to sort your recycling into. You will receive these by April 16, 2018.

Your recycling will then be collected at the kerbside, or your collection point, fortnightly.

Proud of our past. Energised for our future.

"I'd like to introduce you to our new kerbside recycling service. From April, we'll collect five recyclable materials from the kerbside. This is an exciting new service we're offering and the feedback we've had since announcing it has been extremely positive. Recycling makes financial sense for us all, and we all have a responsibility to use resources efficiently and sustain the environment. We'll be providing you with three boxes and one bag to sort your recycling into, and we'll collect it fortnightly. On behalf of myself and everyone at Copeland Council, we'd like to thank you in advance for supporting this much-anticipated new service."

Mike Starkie, Mayor of Copeland

FAQs

What do I do if I have more recycling than will fit into my boxes/bag? Place your extras next to your boxes/bag, but please ensure they are stored securely.

Will there be lids and do I have to pay for them? You will be able to buy rigid plastic lids at £1.30 each or flexible covers at £1. We will let you know where you can buy the lids nearer the time.

How clean do things have to be? Not as clean as your crockery – a rinse is usually fine. However greasy pizza boxes and food wrappers cannot be recycled.

Are you removing recycling centres? As the scheme is rolled out, far fewer people will need to use these centres. Most will eventually close but some will remain to serve those people not on a collection route.

Do I have to squash bottles and cans? Yes, please do. This will mean we can fit more items into the vehicles.

What do I do with my existing black box? We don't need these back, you can simply use them for storage or to put out any extra recycling that doesn't fit into your new containers.

Will my assisted collection continue?

Yes, if you currently qualify for an assisted collection, you will continue to do so.
